General Consent for Treatment

As a patient of Cancer Specialists of North Florida I hereby request and authorize the physicians and staff of Cancer Specialists of North Florida to provide me with the recommended medical treatment, diagnostic procedures, and nursing care that they deem necessary, including, but not limited to diagnostic procedures, diagnostic x-rays, medical examinations, intravenous procedures; laboratory testing, treatments, twelve lead electrocardiograms, venipunctures, or other services of a routine or medical nature.

I am aware that the practice of medicine is not an exact science and I acknowledge that NO guarantees have been made to me as the result of any medical examinations or treatments. I am also aware that in the practice of medicine other unexpected risks or complications not discussed may occur. I also understand that during the course of any proposed procedure or treatment, unforeseen conditions may be revealed requiring the performance of additional procedures. If additional procedures are required in non-emergency circumstances I will be provided with additional educational information so I may make an informed decision. Additional consent forms may be provided to me.

I am aware that some of the medications I receive may cause drowsiness, sleepiness, dizziness, and/or fatigue. If affected I agree not to drive, operate heavy machinery, or do other dangerous activities. I may need to make arrangements for someone else to drive me and I understand that if I am unable to make alternative transportation arrangements my treatment may be delayed until such time as I can find an alternative driver.

I understand that all information pertaining to my care will remain a confidential part of my medical record as it relates to the Health Insurance Portability and Accountability Act.

1. I understand that it is my responsibility to provide Cancer Specialists of North Florida ("CSNF") with a copy of my current insurance card and to obtain a referral from my Primary Care Physician (if required by my insurance). CSNF is not obligated to see patients without a valid referral. If I do not have insurance, I will be considered a private pay patient and be financially responsible for the total amount of the services provided. I will notify CSNF immediately upon any change in my insurance.

2. I understand that in consideration of the services provided, I am directly and primarily responsible to pay the amount of all charges incurred for services and procedures rendered at CSNF which are not covered or reimbursed by my insurance. Furthermore, I am responsible for any applicable deductible, co-payments, and/or coinsurance prior to the provision of services. CSNF will provide me with an estimate of my total financial responsibility and the date by which this amount must be paid in full. I understand that due to the individual needs of each treatment, or procedure, this fee is only an estimate. In the event my care exceeds the amount of the estimate, I will be financially responsible for the balance. If I have Medicare, I will complete an Advance Beneficiary Notice ("ABN") form for non-covered services. Should my account be referred to a collection agency or attorney for collection, I agree to pay all costs of collection, including interest and attorney's fees and costs.

3. I authorize my insurance carrier to release information regarding my coverage to CSNF. I also authorize agents of any hospital, treatment center or previous physician(s) to furnish CSNF copies of any records of my medical history, services or treatments. I also authorize the release of any medical information and/or reports related to my treatment to any federal, state or accreditation agency, or any physician, other health professional or insurance carrier as needed. I also agree to a review of my records for purposes of internal audits, research and quality assurance reviews within CSNF.

4. My right to payment for all pharmaceuticals, procedures, tests, medical equipment rentals, supplies and nursing/physician services including major medical benefits are hereby assigned to CSNF. This assignment covers any and all benefits under Medicare, other government sponsored programs, private insurance and any other health plans. I acknowledge this document as a legally binding assignment to collect my benefits as payment of claims for services. In the event my insurance carrier does not accept Assignment of Benefits, or if payments are made directly to me or my representative, I will endorse such payments to CSNF.

5. I acknowledge that I have received a copy of the CSNF’s Physician Ownership Disclosure.

Pursuant to Fla. Stat. 934.03 tape recording CSNF staff without obtaining prior permission is strictly forbidden and unlawful.

HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT (“HIPAA”) ACKNOWLEDGEMENT

De-identified information is information from which all personal identification has been removed. This means the health information can no longer be identified as yours and is no longer considered protected under HIPAA. I acknowledge the use or disclosure of my Protected Health Information ("PHI") by CSNF for the purposes of Treatment, Payment, and Health Care Operations.

I have received a copy of the Notice of Privacy Practices and understand I have the right to review prior to signing this document.

INFORMED CONSENT FOR GENETIC TESTING

As a patient of Cancer Specialists of North Florida, your physician may order genetic testing to aide in your diagnosis or treatment. The purpose of this informed consent is to give you the information necessary for you to determine whether or not to have the genetic testing. This information includes the benefits, risks, and limitations of genetic testing. Testing for genetic conditions is complex and may warrant professional genetic counseling before giving consent to understand those benefits, risks and limitations.

I understand that:

1. The limitation of genetic testing includes but is not limited to:
   a. Not all genetic mutations, defects, or diseases can be detected by genetic testing. Negative results do not guarantee that I or my offspring will be healthy or free of genetic disease.
   b. Abnormal or positive screening results may indicate the need for further testing.
   c. There is the possibility that the findings will be for an abnormality for which the clinical significance is not known or uninterpretable.
   d. Accuracy of genetic testing depends on the type of test ordered, the nature of the condition, and the accuracy of the clinical information provided. Despite the extreme accuracy of genetic testing, no laboratory test is 100% accurate and there is a chance of a false positive or negative result.

2. The benefits and risks of genetic testing will be discussed with me by my physician and/or other health care professional. I understand that some genetic tests can involve some possible medical, psychological or insurance issues for my family and me including but not limited to:
   a. Genetic testing may reveal sensitive information about my health, my child’s health, or my partner’s health.
   b. Federal law extends some protections regarding genetic discrimination if a gene mutation is identified. (http://www.genome.gov/10002328)
   c. The records, results and findings of this test will not be used in any decision to grant or deny any insurance, employment, mortgage, loan, credit, or educational opportunity in accordance with Florida Statute 760.40.
   d. Test results may inadvertently reveal previously unrecognized and unsought biological relationships, such as non-paternity. Non-paternity means that the father of an individual is not the person stated to be the father.

3. Because of the complexity of genetic testing and the important implications of the test results, I consent that my results will be reported through a physician or other identified health care provider. The test results are confidential to the extent allowed by law. They will only be released to other medical professionals and other parties with my written consent or as otherwise allowed by law.

4. I hereby authorize the laboratory and/or to Cancer Specialists of North Florida to release my protected health information, if necessary, for reimbursement purposes. I understand that I am responsible for any amount not paid by insurance for reasons including, but not limited to, non-covered and non-authorized services.

5. I understand that my specimen will not be stored for future clinical studies. I understand that my specimen will only be used for the genetic testing as authorized by my consent and that my specimen will not be used in any identifiable fashion for research purposes without my consent.

6. I have been informed about the purpose of genetic testing. I understand that the test may be repeated to monitor treatment.

7. I have read and understood this consent form and have had an opportunity to ask questions about genetic testing and all of my questions have been answered. I understand that participation in genetic testing is completely voluntary. I consent and authorize the genetic testing described above. I consent and authorize the release of information, results and findings to Cancer Specialists of North Florida.

My signature below acknowledges my consent and voluntary participation in genetic testing and future recurrences of the test. I understand that any genetic analysis performed is specific only for this disease and in no way guarantees my health, the health of an unborn child or other family members.
